### **Emergency Cardiac Imaging (ECI) earns the Joint Commission's Gold Seal of Approval™.**

**Somers Point, NJ** – Emergency Cardiac Imaging has achieved accreditation from the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). Founded in 1951, the Joint Commission is dedicated to continuously improving the safety and quality of the nation's healthcare through voluntary accreditation.

"This achievement is a significant milestone for our organization," says Paul D. Burns, President & CEO of ECI. "Obtaining accreditation is a tremendous accomplishment for us and one that demonstrates our commitment to delivering the highest quality, state of the art Cardiovascular Care."

"The core of our business centers around providing expertise for Chest Pain Triage on a 24/7/365 basis, which demands the highest level of quality and patient care. We recognize that delivering quality is a dynamic event and one that we look forward to continuously improving upon," says Burns.

#### **About Emergency Cardiac Imaging**
