Paul D. Burns named CEO of Emergency Cardiac Imaging

Emergency Cardiac Imaging (ECI) announced today that Paul D. Burns has been named Chief Executive Officer of the company. David A. Dowe, MD will assume the role of Chairman of the Board.

Burns, most recently the National Sales Manager, Cardiovascular CT for GE Healthcare, was instrumental in developing and implementing market initiatives focused on delivering consistent growth of the Cardiovascular CT Business. With more than 17 years experience in Healthcare sales and marketing, Burns brings an exceptional blend of strategic, analytical, business and leadership skills to ECI.

“Paul’s knowledge of the Cardiovascular CT market combined with his strong leadership skills and sales and marketing credentials make him the ideal candidate to guide ECI through its next phase of rapid growth and development”, states David A. Dowe, MD, Chairman of the Board.

About Emergency Cardiac Imaging

Emergency Cardiac Imaging is an organization specializing in complete post-processing and interpretation of Cardiovascular CTA and Triple Rule-out exams on a 24/7/365 basis.
